Wingrave	Nup End Wingrave HP22 4PX	Basic 47275 Whitchurch Methodist Church, Whitchurch (Buckinghamshire) - Find a Church

Frequently Asked Questions

1. **I now have a website. Does that replace the directory listing?**

No. The directory listing will complement your church website and help drive very relevant visitors to it. We recommend, whenever possible, all churches get their own website. People in your church will hopefully know your website address, but many others will not know the name of your church or your web address and will search in the directory by town or postcode. It's a great way to be found.

2. **How many people use the directory?**

Lots and lots! Despite Covid in 2021 we had 3.4 million listing views. Real people are searching for churches by town or postcode. The fact that so many people are using us shows we are a great additional stream to any other web/social platforms you are using.

3. **What's the difference between a basic and full entry?**

A basic listing currently just shows the church's contact address and telephone number. A full entry has loads of useful information including: a map, church image, full venue details, service times, activities, contact details including web/social, etc. It is also prioritised to the top section of the results so will be found by many more people.

4. **£22 per annum, why should we pay for the full listing?**

A full listing **will** help your church grow. If just one person ever joins your church because of the listing and starts giving then it will easily pay for itself many times over. If someone starts a relationship with God then it's priceless. It's all covered by our simple ministry money-back guarantee. If it doesn't help your church grow then let us know and we'll refund the £22. There's absolutely no risk to your church and plenty to gain.

5. **I like the sound of free so will stick on the basic listing. Is that OK?**

100% yes. We want to serve your church well and if that's all you want then that's perfectly acceptable. There's no pressure from us for you to have a full listing. Some churches are actually better off with a basic listing. Churches that obviously fall into this category would be ones that are

0. full and don't currently have capacity for new joiners
1. currently unable to be outward focussed (this may be for ministerial reasons)
2. only able to have irregular services (whether in person or online)
3. in the process of winding down

6. **Who can get listed?**

The UK Church Directory contains listings of over 45,000 churches from all Christian denominations. We list churches of all sizes from new house churches to cathedrals and mega-churches. We do not list individual ministries or organisations, only churches. The church must agree that they are a Christian church and Trinitarian.

NB: the current contact shown for most churches is the Buckingham St. address and phone No.
