

# **Memo to Vale of Aylesbury Circuit**

## **Subject: Circuit Magazine.**

**The Circuit Magazine, normally produced every quarter, is designed primarily to inform those without internet access, and casual visitors, of activities around the Circuit.**

In current circumstances, when most activities have been suspended, there is little to report. Only one new item was submitted for publication in response to a request for items for an October to December issue.

In addition, with the office at AMC in only limited operation, printing would be difficult, and even if printed, it would be very difficult to distribute, due to the limited numbers able to attend services, and visitors, if any, will be few and far between.

Copies would have to be picked up by individuals.

The last issue was posted on the Website, but that does not reach those without internet access.

Therefore, the production of the Magazine is suspended until such time as it is considered viable.

**When it does return, we hope you will all give it your full support.**
